appWash service agreement

The appWash PAY service concept is subject to a transaction-based service fee. A washing or drying process started by the user is regarded as a transaction. At the end of the month, the fee is offset directly against the turnover of the respective laundry room as part of the invoicing process.

Service fee

Machine	unit	Fee (plus VAT)
Washing machine	per transaction	0,30 GBP
Dryer	per transaction	0,30 GBP

Monthly hardware rental fee (unless purchased)
